NEWCOM-ACoRN Joint Workshop 20 - 22 September, 2006, Vienna

www.newcom-acorn.org

The European Network of Excellence in Wireless Communications NEWCOM and the Australian ARC Communications Research Network ACoRN invite their members to their joint workshop, to be held in Vienna, Austria, on 20 - 22 September, 2006. The workshop will be organized by Telecommunications Research Center Vienna (ftw.) in cooperation with the Vienna University of Technology. Four tutorials will be held on the first day, covering fundamental topics within the area of wireless communications. During the remaining days, plenary sessions will alternate with technical and poster sessions. Plenty of time will be provided for discussion within the sessions. Vienna, city of music and culture, offers an ideal setting for this workshop. An extensive social programme will maximize the opportunities for participants to interact. The workshop will be held at the Tech Gate Vienna, home of the host organization ftw., in a modern, comfortable setting, while the social programme will take us to both classic and rustic locations. Prospective authors (who must be NEWCOM or ACoRN members) are invited to submit papers in the following areas:

- Adhoc and Sensor Networks
- Next Generation Mobile Networks
- Ultrawideband Communications
- Wireless Data Networks
- Flexible Radio
- Coding and Information Theory
- Signal Processing for Communications
- Communications Theory
- Protocols and Architectures
- QoS and Reliability
- RF Channels, Devices and Modelling
- Wireless Communications

Final papers should not exceed 5 pages in length. The workshop proceedings will be distributed on a CD and published on the digital library of Eurasip (www.eurasip.org).

Submission Deadline: April 23, 2006; Notification of Acceptance: June 23, 2006
